**RATING TERMS DEFINED & NOTES:**

**Note:** If the insured had two or more classifications applying, multiply the payroll and/or gross receipts for each classification by the appropriate classification rate.

**PAYROLL -** For an individual or partnership, use the actual payroll (\$20,000 minimum) as the annual payroll for each individual insured or each co-partner.

For a corporation, use the actual payroll (\$20,000 minimum) as the annual payroll for each active executive officer.

In addition to the above, charge for the entire payment by the insured for services of employees, whether paid in money or a substitute for money. Rates apply per \$100 of payroll, with a minimum payroll of \$20,000.

Payroll **INCLUDES** the following:

- a) Commissions and bonuses.
- b) Pay for holidays, vacations or periods of sickness.
- c) Payment by an employer of amount otherwise required by law to be paid by employees to statutory insurance or pension plans.
- d) Payment to employees on any basis other than time worked.
- e) Payment or allowance for hand or power tools furnished by employees.
- f) The value of board and lodging provided to employees.
- g) The value of store certificates, merchandise, credits or any other substitute for money received by employees as part of their pay.

Payroll **EXCLUDES** the following:

If the insured's records show the total pay earned for overtime (regular pay plus extra pay) in one combined amount, extra pay is computed as 1/3 of the total overtime pay if time and one-half is paid, or 1/2 of the total overtime pay if double time is paid.
